**Publicity Release Form**

Parents & Guardians,

At Little JEMS Children's Center, we would like to use your child(ren)'s photos in our advertising events. We are currently on Facebook and are looking forward to adding Little JEMS children to the site.

Please keep in mind that our Facebook website is being used for positive thoughts and images only. We would like to share the day's events with you. If you would like to post to the site, please consider the community will be reading it. This is not a place to air negative thoughts. We teach our children to speak thoughtful, caring comments as not to hurt anyone's feelings. We would appreciate that you, as a parent/guardian, keep these thoughts in mind, also.

Please do not post photos of other children on this page. Some families have not given permission to post their child's photo.

Please go to Little JEMS Children's Center and press "Like". Thank you for helping us make Little JEMS a fun place to be!
